Christmas.

To-morrow, the 25th day of December, the anniversary of the Birth of the founder of the Christion religion. This day in particular is accepted throughout the Christian world as an auspicious time, when happiness endears each scene, and causes us to forget the vicissitudes of life. "Tis then the yule log burns brightly, the mistletoe looks greenest and the Christian heart responds to the cadence of the Christmas bells, as in clear and sonorous voice they tell of the advent of the Christian anniversary. The children all lock forward to this glad, for Santa Claus will surely remember to all their stockings with the good things which they have been so patiently weiting for. Let us hope that few of them will be forgotten. The elder branches of families usually indulge, perhaps, too freely, in table joys; too much turkey, chicken salad, egg-neg and punch, and suffer in consequence next day; sadly realizing that "getting tipsy is divine, but getting sober is the devil." The recollection of what they have suffered prepares them a week later to swear off, as is usual with many who are in the habit of "taking a little for the stomach's sake." There is, however, a class who seldom suffer from excess of indulging the appetite on Christmas. Their exchequers are not sufficiently plethoric to admit of a sample of edibles that disarranges the digestive organs, or of the cup that not only exhilerates but in its subsequent effect leaves a rememb, as other than agreeable, This later that I be enjoy the observ-They in their A saideline and a programmer, redcon lote a committee as me ing py to the knewlige that the

Prince of earth and heaven is their tricud and preserved them from pinchmy want. Those who take the least interest in the Christian anniversary are the improvident and homeless, whose hearts penury has so embittered their life as to leave no passage for brighter days; but even these are not debarred, for christian charity, with both hands full, offer them the enjoy ment of a Merry Christmas.

The people of Tombstone and Arizona are particularly blessed, for while their eastern brethren are bound up in furs until they can hardly breathe, in order to keep warm, and whose enjoyment is sleigh riding and ice skating, we of this sun kissed land, can ride behind a spanking team of horses in an open phaeton, and drink in the life giving breezes of the far west, and in the evening roll around the rink on wheels, with out fear of the ice breaking through and giving us a cold

To our readers, one and all, we wish a very Merry Christmas, and to our brethren of the press throughout New Mexico and Arizona, we wish a Merry live Christmas turkeys. Christmas.

The best Egg-nog and Tom and Jerry in the city to be found at the Elite to-morrow.

All the mines of Bisbee will be closed down to-morrow in order to allow the miners to celebrate.

Frank Broad has eight wild rabbits which he proposes to turn loose one at a time and the dogs after them tomorrow, thus insuring rare sport.

Mr. Louis Armstrong, formerly of Prescott, has been engaged by Tom Jones, and will hereafter dispense the sparkling over Tom's bar. Call round and see him if you desire the latest drink.

For prolific breeding and astounding development the Apaches are the most wonderful people on the face of the earth. Three weeks ago General Sheridan announced that there were only ten Indians on the warpath. In this short space of time the little band has increased to twenty-one well de veloped and fully equipped bucks who surprised and nearly destroyed a company of the United States Ca.

Great preparations have been made for the grand ball to be given by Queen Lodge, A. O. U. W., of Bisbee, this evening, and several parties from this city have gone over to participate in the same.

Deputy Sheriff Norton, of Bisbee, arrived in this city this morning and arrested one Dan Dean, who was charged with leaving the camp with the intent of defrauding his creditors. Norton and prisoner started back for Bisbee this afternoon.

We received a pleasant call this afternoon from Peter Schumacher, who will contest for the purse and stakes in the wrestling match to-morrow evening, with Mr. Christol, Mr. Schumacher is in excellent condition, having reduced his weight six pounds since the match was made, and will make Mr. Christol look well to his laurels.

Glerious News.

The arrival of two large freight teams this morning in front of Summerfield Bros' store, caused our reporter to pause while going the rounds of the city for news. After waiting a few minutes he observed several large macking cases being uploaded. This packing cases being unloaded. This excited his curiosity, and he repaired to the interior of the store where he found them being unpacked, and noticed that they were filled with boys and men's clothing, which are espectations of the store where are spectations. The store is a special to special t ially suited for the holidays.

We also observed several cases which contained a full line of holiday presents such as silk handkerchiefs, plain handkerchiefs, embroidered handkerchiefs, initial handkerchiefs, and in fact almost everything that is suitable for holiday presents. Mr. Summerfield stated to us that he had employed a force of six extra clerks, so that everybody could be waited upon at once and not be kept waiting. We would advise all parties desiring holiday goods, or who would like to make their lady or gentleman friend as nitable present, to visit the store of Summerfield Bros', and they will find what they want.
